“De Klanderij”

On top of a large new shopping mall in the old centre of Enschede a complete residential street is realised. 6 meters above the ground and on top of the stores the residents drive their car to their home, park it in front of it and walk through their garden with shed to their front door. A very quiet and peaceful street in a very crowded spot in the city of Enschede.

ZinCo Benelux is a supplier and adviser of ZinCo Green Roof Systems in Belgium, Luxembourg and the Netherlands. The ZinCo Green Roof Systems provide clients with complete system build-ups for every type of Green Roof. The product range includes: extensive Green Roofs with rockery type plants, flourishing roof gardens as well as Green Roofs in combination with walkways and driveways.
