Contractor:	Heijmans Sport en Groen

“Hub Dassenplein”

When the city of Sittard decided to renovate their city hall they planned a large underground garage in front of it. On top of this underground garage they planned a luxuriant park with lawns, Rhododendrons and large trees. This green area needed to be combined with an asphalt driveway. The city contracted Heijmans Sport en Groen together with ZinCo Benelux to bring this assignment to the success it is nowadays.

ZinCo Benelux is a supplier and adviser of ZinCo Green Roof Systems in Belgium, Luxembourg and the Netherlands. The ZinCo Green Roof Systems provide clients with complete system build-ups for every type of Green Roof. The product range includes: extensive Green Roofs with rockery type plants, flourishing roof gardens as well as Green Roofs in combination with walkways and driveways.
