“Versatel Head Office”

The head office of Versatel (today Tele2) needed as much parking space as possible for their employees. Another wish was a representative entrance with some parking space for their clients and for the board.

This resulted in a partly underground garage with a representative entrance on the roof of this garage. The green roof contains driveways which are nicely combined with green spaces with lawns, birch trees and spaces for the employees to have their lunch.

ZinCo Benelux is a supplier and adviser of ZinCo Green Roof Systems in Belgium, Luxembourg and the Netherlands. The ZinCo Green Roof Systems provide clients with complete system build-ups for every type of Green Roof. The product range includes: extensive Green Roofs with rockery type plants, flourishing roof gardens as well as Green Roofs in combination with walkways and driveways.
